EDUCATION

EPICODUS CODE SCHOOL ▪ Jan – July 2017
PHP/DRUPAL/JavaScript
Used previous Code School experience to help mentor peers and acted as a go to person with any issues or debugging involving the curriculum and related projects.

PORTLAND CODE SCHOOL ▪ Aug - Nov 2015
Fullstack JavaScript
Persevered when PCS closed down early and worked with the rest of the class to finish our studies outside of the school on our own.

UNIVERSITY OF NORTH DAKOTA ▪ 2008 - 2010

EMPLOYMENT

CUSTOMER SERVICE ASSOCIATE III at Amazon
Grand Forks, ND ▪ 2014 – 2015
+ Promoted two levels in under 3 months after being hired.
+ Top 10% of Customer Rating Score in Department.

MANAGER at El Roco Bottleshop
Grand Forks, ND ▪ 2011 – 2014
+ Oversaw upwards of 20 employees at a time.
+ Handled interviews and trained new hires.

LEAD STOCK ASSOCIATE at Petco
Grand Forks, ND ▪ 2010 – 2011
+ Received all new shipments and made sure inventory was correct and up to date.
+ Took care of all animals in the store.

PROJECTS

TV TRACKER Heavy API based tool to allow users to keep track of their favorite shows and see what is on or coming up.
+ https://github.com/mkelley2/wutson-pantheon

HOMEBASE A tool for little league coaches and parents. Allows the coach to create random batting orders and assigns positions for each inning, giving each player a equal amount of playing time. Also has a gamification system so players can earn experience to gain levels and badges as they practice and learn the game.
+ https://github.com/mkelley2/Drupal-Homebase

DEMODAY A web platform for members of our community to showcase their work. Display links and information to projects they would like to showcase
+ https://github.com/mkelley2/OPP
